

Product Specification TacCook 9 Black

Taconic's TacCook 9 Black is a PTFE coated glass fibre product with a high PTFE content which offers excellent value and performance. With its super smooth black surface and excellent release properties, TacCook 9 Black is used as a superior food belting material for cooking of a wide variety of meat & tortilla products. Standard widths of TacCook 9 Black is 1230mm.

Product Properties	Units	Value	Tolerance	Test Method
Reinforcing Substrate		E-GLASS		
Coating Type		PTFE		
% Coating	%	63	+/-2%	
Total Coated Weight	g/sqm	550	+/-5%	
Nominal Thickness	microns	260		
Coating Adhesion Strength	N/5cm	45	Typical	ISO 2411
		30	Minimum	
Dielectric Breakdown	Volts	3000	Typical	BS 2782 part 2
		2000	Minimum	
Tensile Strength	N/5cm	2200	Typical Warp	ISO 1421
		2000	Minimum Warp	
		1700	Typical weft	
		1300	Minimum weft	
Tear Strength	N	40	Typical Warp	ISO 9073-4
		25	Minimum Warp	
		30	Typical weft	
		23	Minimum weft	
Operating Temperature	°Celsius	-73° to +260°
